Lantern Arts school of the performing arts has been providing first class performing arts training in Dance, Acting and Singing in the East London region since for 17 years, for children aged 3-18. Since opening, our classes have been located in the centre of east london, providing the best studio and performance facilities. We encourage pupils to experience the joy of engaging with a live audience, and stage at least one major production per year, alongside numerous opportunities for pupils to perform at charity events and in amateur/professional productions.
